The 5 Pillars of the RTPR Vendor Program

#1 A Proven Product
Since 1998 Real Time Pain Relief (RTPR) has been producing Safe, Effective, Fast-Acting Pain Relief Products. RTPR grew to a multimillion-dollar company via word of mouth before spending one dollar on advertising.

#2 A Profitable Marketing Approach
RTPR has an approach that goes against the Home Business Industry model by using traditional business principles. First and foremost, Vendors Buy at a True Wholesale Price, Sell at a Competitive Retail Price and Keep the Profits.

#3 The Potential Market Size
According to the Institute of Medicine (IOM) pain has become an American Health Crisis with more than 1 in 3 Americans suffering from chronic pain.

#4 A Powerful Financial Plan
The core of the RTPR Vendor Program is Vendors Buying at a True Wholesale Price, Selling at a Competitive Retail Price, then replacing their product. This creates significant profit for any vendor from the time they join the program. This strategic foundational approach has enabled RTPR to set a Home Business Industry record for the highest percentage of full-time vendors.

#5 The Power of ONE Team
We understand that our success as a company is directly connected to the success of our vendors. In 2011 we made a commitment to a Core Value of… Vendor Success is our #1 Priority.

It is our goal to help every vendor experience rapid business growth. To accomplish this goal, we have established the 7 Most Unique Vendor-Centered Programs in the Home Business Industry.
Pillar #1 - A Proven Product

Real Time Pain Relief (RTPR) produces Safe, Effective, Fast-Acting Pain Relief Products. RTPR grew to a multimillion-dollar company via word of mouth before spending one dollar on advertising.

#1 Since 1998
Our flagship Real Time Pain Relief line has provided pain relief to thousands of loyal customers since 1998. Over the years, we have expanded our product line to provide consistent, targeted relief for specific areas of the body.

#2 FDA OTC Drug
Real Time Pain Relief is an FDA Registered Over the Counter (OTC) drug that provides temporary relief from: Arthritis, Simple Backache, Muscle Strains, Sprains, Bruises and Cramps.

#3 Relief in Minutes...Smells Great Too
Using the highest quality ingredients in our proprietary herbal blend has allowed us to create the Safest, Most Effective, Fastest Acting, Targeted Pain Relief available. Plus, unlike other topical pain relief products, Real Time Pain Relief smells great too.

#4 Manufactured in the Heartland of the USA
Real Time Pain Relief is a family-owned business, operating and manufacturing all of our products in the American Heartland.

#5 No Harmful Chemicals or GMOs
We treat our customers like family. We wouldn’t want our families to use a product laced with harmful chemicals, nor one with potentially dangerous long-term effects. We wouldn’t ask our customers to either.
RTPR has an approach that goes against the Home Business Industry model by using traditional business principles. First and foremost, Vendors Buy at a True Wholesale Price, Sell at a Competitive Retail Price and Keep the Profits.

#1 Buy at Wholesale
As an RTPR Vendor, you purchase products at true wholesale prices, for the purpose of reselling them to the general public at local events, as well as to friends, family and acquaintances.

#2 Sell at Retail
RTPR Vendors resell products at a competitive retail price earning a 100% Mark-up.

#3 Keep the Profits
With a 100% Mark-up, Vendors make a strong, immediate Active Income. This makes every Vendor significantly profitable with each and every sale. For example, $500 of Wholesale product means $500 in profit.

#4 Replace
The product is the lifeblood of your RTPR business. Maintaining a good inventory will allow you to always capitalize on sales opportunities, build a loyal customer base, service referral sales and maintain consistent business growth.

#5 Anyone Can Do It
You don’t have to be a dynamic, “natural” salesperson to succeed with RTPR. If you can find people in pain, you have receptive customers who are looking for relief and you can give them the power of Pain Free Living!

#6 Sample-to-Sell
Since 1998, we have watched thousands of customers find the relief they need when they try our products. For this reason, we encourage Vendors to have every potential customer sample the product before they buy. Once someone in pain tries the product and feels relief, the sale occurs naturally!
Pillar #3 - Potential Market Size

Pain is an American Epidemic. Chances are, you, or someone you love, experiences pain on a regular basis. The RTPR Vendor Program offers you the opportunity to do well financially by sharing an effective product to an ever expanding market of people needing pain relief.

In 2011, the Institute of Medicine (IOM) estimated that 116 Million Americans were living with Chronic Pain. That means that 1/3 of Americans are living in chronic pain. The IOM Report also predicted that by 2030 as many as half of US adults would be living in chronic pain.
